

Pro-Bolt Information Pack

Introduction

Aluminium

All Aluminium Parts are available in 8 Colours - part number suffixed as follows:

B = Blue

BK = Black

G = Gold

GY = Gun Metal Grey

O = Orange

R = Red

P = Purple

S = Silver

In addition to model specific kits please refer to the 'packs and accessories page for 'universal' items - such as Dust Caps/Valve Covers, P-Clips, Tubs, Quick Release Fasteners, Packs etc

Chain Adjuster Blocks are available as sets also - including pairs of Titanium Bolts & Nuts

Part number changes from CABPR to CABSET

A4 Stainless Steel

Engine Kits

All engine kits are supplied using tapered socket cap bolts.

Where fitment will allow - for flanged hex head kits - please suffix with HX - EG EHO199SSHX

Titanium

All Titanium Products contain 'TI' at the beginning, or at the end in the case of Engine & Fairing Kits

Prices available on request for any kit not listed

All engine kits are supplied using tapered socket cap bolts.

Where fitment will allow - for flanged hex head kits - please suffix with HX - eg - EHO199TIHX

Not all Engine & Fairing Kits are priced in Titanium - however these are available on request

Titanium comes in a natural polished finish, but can be ordered in Blue, Gold or Purple Haze

Suffix part number with 'B', 'G' or 'PH' - please note additional prices for coloured option
